

Product Specification

STL4120 Stand Alone Digital Video Recorder Reliable, Embedded, Expandable, Affordable

Product Features

- 1 - 4 Camera inputs
- Motion Detection
- Manual, Programmed or Sensor recording
- Auto Switching
- Advanced MJPEG compression
- Real Time Display
- Single or Quad recording
- Watch Dog feature
- Remote monitoring (optional)
- USB connection for video archiving on a PC
- Up to 500GB storage

Specifications:

Operating System	Embedded RTOS		
Video Input	4		
Video Output	2 (Display Monitor & VCR Outputs)		
Display Frame Rate	120 fps		
Recording Frame Rate	30 fps		
Recording Mode	Continuous, Motion, Programmed		
Display Resolution	720x480		
Recording Resolution	640x224		
Compression Format	Advanced MJPEG	Low	12K Bytes / frame
		Normal	15K Bytes / frame
		High	20K Bytes / frame
Storage	250GB expandable to 500 GB HDD (2 x HDD)		
Backup Device	USB to external PC & VCR		
Search Mode	Time, Date, Event		
Sensor Input	4		
Trigger Output	1		
Motion Detection	Yes		
Video Loss Detection	Yes		
Auto Switching	Yes		
Buzzer Alarm	Yes		
Picture adjustment	Yes		
Looping Output	Yes		
System Recover	Yes		
Power Supply	Adaptor 12VDC 4A (AC110-240 V 50/60Hz)		
Dimensions	(WxDxH) 17x12x1.9 inches		
Weight	7 lbs without HDD		
Remote Monitoring	LAN, DSL, Cable Modem (Ethernet card optional)
